

# Fiber Connectivity Solutions

## Fiber Optic Connectors

### Epoxy/Polish Connectors

#### Features

- Available in both singlemode and multimode constructions
- ST®, SC, MTRJ, FC and LC connector types available
- Connectors utilize pre-radiused zirconia ceramic ferrules
- Singlemode ultra physical contact (UPC) and angled physical contact (APC) polishes available for SC, FC and LC connectors
- SC and LC connectors can be duplexed
- ST®, SC, FC and LC tested to rigid Telcordia GR-326 standard
- Available for 900µm and 3.0mm installations
- Typical insertion loss: 0.2dB
- All styles meet Fiber Optic Connector Intermateability Standard (FOCIS) documents
